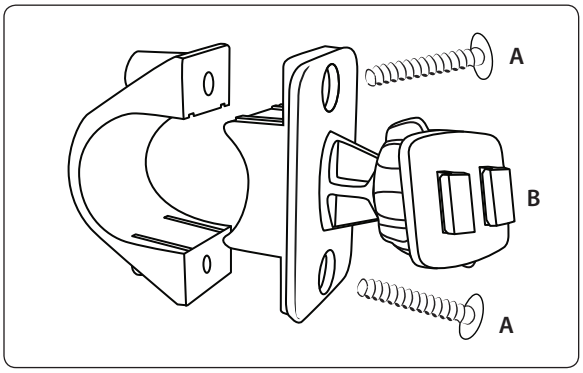
Package Contents:
(1) Bicycle Handlebar Mount
(2) Smartphone Holder

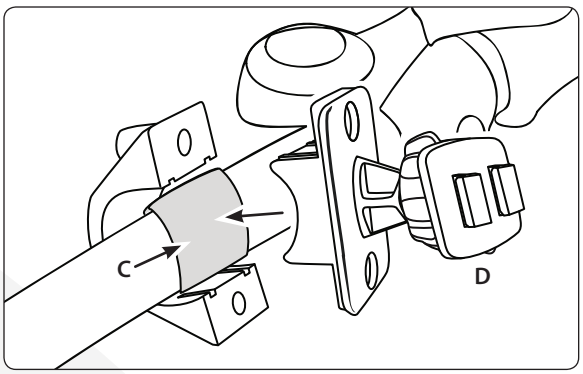
Bicycle Handlebar Mounting

Step 1. Choose a safe location on the handlebars of your bicycle in which to mount the pedestal.

Step 2. Using a screwdriver, remove the two mounting screws **(A)** in order to release the ball plate and swivel head **(B)** so the mount can be placed around the handlebars.

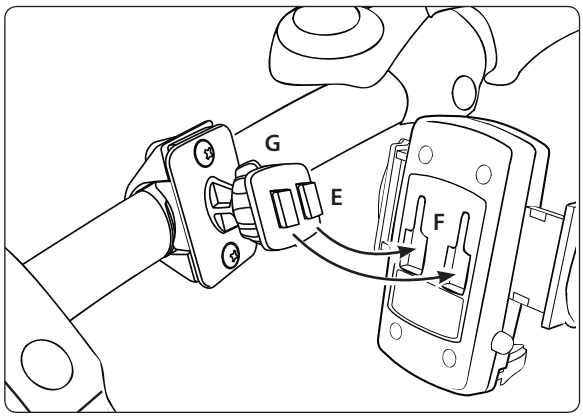


Step 3. Wrap the rubber rings **(C)** around the handlebar and reassemble the ball plate and swivel head **(D)** around the rubber rings. Secure the mount assembly by using the screwdriver to retighten the two mounting screws.



Attach Universal Holder to Bicycle Mount

Step 1. Attach the universal holder to the swivel head by firmly inserting the dual T-tabs **(E)** into the dual T-slots **(F)** on the back of the device or holder. Adjust the angle and rotation of the head by tightening the swivel-tightening ring **(G)**



Safety Precautions
Do not reposition the pedestal while cycling or driving. Amzer does not promote the adjustment of mobile devices except when the bicycle or vehicle is safely parked or stopped.

Amzer is not responsible for any damages caused to your bicycle, your device, or yourself due to the installation or use of this product.
